User Statistics

Total Users	4,583
Verified Users	2,490
Unverified Users	2,093
Email Alerts Enabled	1,472
SMS Alerts Enabled	1,472

AI Summary

The database contains users with email and SMS alert options, and a breakdown of verified and unverified users.

AI Observations

- There are more verified users than unverified users. The number of users with enabled email alerts is equal to the number of users with enabled SMS alerts.
